

KAIROS NEWSLETTER

Dear friends of Kairos:

The year 2020 will soon reach its half year mark. Due to Covid-19, our lives, work and ministry have undergone drastic changes in the past several months. As we look past our circumstances, we would see God's grace, mercy and protection behind our situations.

- Ministry Updates

With the stabilization of the pandemic situation, businesses in Los Angeles County are beginning to resume their normal operations. Starting June 8, Kairos will begin a gradual process to reopen the office according to the County's guidelines in order to continue serving our friends of Kairos. Since the "Stay At Home" order was issued, our coworkers have been working to minister to the spiritual needs of viewers worldwide. remotely and collaboratively to produce new programs. By God's grace, we were able to publish over 100 video programs on different social media platforms. Programs we produced included daily devotions, hymns, prayers, Bible study, psychological counseling, church history, and many other genres to provide spiritual materials to minister to viewers. We have also provided health care information and information that would help them better understand the pandemic. Most importantly, we passed on God's message of love, salvation, hope and comfort during this hard time . We thank God for making the Kairos ministry into a "spiritual barn-house" to serve the needs of His people.

- Feedbacks from viewers

A sister from Canada wrote in her email :

" ... I am very grateful to Kairos for providing the Audio Bible Scripture Programs so we get to read God's word together daily. Secondly, during this pandemic, while many people are kept at home, your programs become "homework" for us to do and learn every day. We thank God for giving us such a "sweet" time to spend with Him. We thank God we get to better understand the Bible. May God bless you and grant you wisdom so that many brothers and sisters will receive God's grace through your ministry. "

A parent of an international student in the USA was very worried about her daughter not being able to book a return flight home. She watched our video on "Overcoming Anxiety" and received comfort and relief. Her message to us said:

"This video is very good! You said it well. That is indeed the case in life that you put your time and energy on some unnecessary little things and worry about them every day. Anxiety would affect not only your mood but also would waste your precious time! It's important to know how to face life challenges when you encounter difficulties and setbacks."

We thank God that we continue to receive requests for permission from churches in North America, Taiwan and Malaysia to use the Kairos social media channels in their meetings. We are very grateful and are very happy to authorize their usage. Besides the popularity of the video “绝处逢生”(New life out of desperation), many churches are also using another video on the life experience of Andrea Bocelli (The Prince of Opera).

We thank God for these encouraging feedbacks. They inspired us to move forward with diligence to produce more programs to transform people's hearts for Christ and to help their new life take root and grow strong.

- Kairos E-learning Institute

The E-learning ministry is designed to provide audio/visual Bible Study courses to help ordinary believers to understand God's word. We welcome with joy the first student in the Kairos Elearning Institute who have completed all our online Bible Study courses and passed the examinations to receive our “Certification of Completion”. Please pray that we can finish production of courses for all the Books of the Bible.

- China Ministry

The pandemic enabled us to establish an intercessory prayer partnership with pastors in China. Please join us in prayer and thanksgiving for the seminaries and Bible schools in China which are planning to reopen and recruit new students.

With “i-cloud” technology, Kairos was able to better serve the churches by providing online Bible teaching resources to many churches. At the same time, we continue to provide Bible teaching materials on MP3 devices with printed study guides to places with special needs to train lay leaders.

The number of people subscribing to the Kairos Wechat account has been increasing day by day. We are grateful that many pastors have forwarded program links to their members. Please uplift us in prayers that we continue to improve our service through this new media platform.

Online ministry and evangelism will become an inevitable trend in the future. Please pray that the Lord will grant us faith and wisdom to double our efforts to complete the mission entrusted to us.

In Christ,
Rev. David Su
