36TH ANNIVERSARY OF KAIROS

On October 2nd and 3rd, Kairos Communication Service International celebrated its 36th anniversary with a two-day Thanksgiving Fundraising Banquet. Nearly 200 pastors, volunteers, and guests who care about Kairos' ministry attended the event, which took place at the Kairos premises in both Mandarin and Cantonese sessions. Despite venue and capacity limitations and the need for mask-wearing, the opportunity to gather and exchange conversations, while listening to the growth of Kairos over the past year, was particularly exciting.

Several first-time visitors to Kairos were delighted to tour the studio and capture memorable photos, experiencing the feeling of being an online broadcaster. The successful completion of the banquet truly embodied the words of Rev. David Chao, the Honorary Chairman of Kairos, who said, "Do God's work in God's timing." Alongside expressing gratitude to everyone's participation and the dedicated preparations by the staff and directors, the most important thing is to give glory to God.

THE UPGRADE OF KAIROS-ELEARN WEBSITE

The new version of the Kairos Institute website, www.kairos-elearn.org, is nearing completion. The website is undergoing updates and will include a new section called "Faith and Practice" with audio and video lectures to meet the needs of pastors and ministers in frontline service. We are also delighted to announce that a brand new section called "New Testament Commentary" will be available, providing easy access to Bible commentaries. We extend our gratitude to Enduring Word for generously granting us the rights to use their commentary. We are currently in the process of updating the program, and we request your prayers so that we can open the new version of the Kairos Institute website for use by the end of this year.

THE "MAJOR PROPHETS COMBINED BIBLE STUDY SERIES"

Kairos' latest production, the "Major Prophets Combined Bible Study Series," encompasses the books of Isaiah, Ezekiel, Jeremiah, Lamentations, and Daniel. This comprehensive series includes audio books, e-text materials, video presentations, as well as Dr. Shao Chenguang's instructional lectures on an overview of the Major Prophets. With its portability and convenience, this series serves as an excellent companion for Bible study.
