## *Unchanging Truth, Diverse Communication*

We live in a rapidly changing world where various industries are adapting to the rapid development of technology and changing preferences. This includes conceptualizing and introducing new products and business strategies. Kairos Communication Service International is a Christian gospel organization. While we operate in the realm of heavenly ministry rather than earthly business, our ultimate authority is not any human being but the Almighty God.

However, in order to be good stewards of God's work, we dare not be negligent. We deeply understand and firmly hold onto the fact that the truth of the gospel remains unchanged, but the methods of spreading it can be diversified. This enables God's Word and teachings to effectively

reach people of different generations.

Looking back on the 37 years of Kairos' establishment, we thank God for providing us with the necessary advisors, board members, coworkers, and volunteers in each season. This has allowed us to progress with the times and continuously update the content of our ministry and programs.

With the ongoing advancements in cloud technologies and their operations, the world feels smaller than ever before. Under God's guidance, in September of this year, we began a new ministry called the "Kairos Forum" using Zoom. We invited pastors who are entrusted by God, theologians, and professional counselors to host and speak on various topics. We hope that this new media platform will benefit the Christian community in spiritual exploration, pursuit, and edification.

In the future, there will be different changes in media methods, and we will continue to adapt and update our diverse programs. However, at the same time, we will not deviate from our original mission received from God: to preach the gospel and edify believers based on the Bible (God's Word).

As we have walked this path, we express gratitude to God for His constant grace and guidance. We also thank you for faithfully interceding for us, ensuring that our ministry stays aligned with the true gospel. Furthermore, it is through your participation and dedication to the ministry that we are able to produce diverse programs to meet the spiritual needs of each generation.
