The New Inspirational Program "Live out the Rainbow"

While the global pandemic continues to ravage, a new wave of infections hit Hong Kong in March, putting a tremendous strain on the local healthcare system. The ongoing conflict in Ukraine has also caused immense suffering. The world seems filled with dark clouds, making it hard to breathe. In this seemingly disheartening environment, we have created the program "Live the Rainbow" to inspire and encourage everyone. We want to remind people that even though life may be challenging, there is always hope as long as we persevere. And perhaps, the Christian faith is the best way to navigate through it all. "Live the Rainbow" is available in both Cantonese and Mandarin versions. The Cantonese version premiered with five episodes in March and received positive feedback. We are currently working on the next series and hope to share it with everyone soon.

New Season of The Journey of Life

"The Journey of Life" Season 2 will begin airing every Wednesday starting in April. Each episode will feature scholars, practicing marriage and family therapists, and licensed clinical psychologists as guests, who will share insights on topics related to mental health and family relationships. Don't miss out on this valuable series!

The Song of Songs" Bible study Series Filming Completed

The Mandarin program "The Song of Songs" study series, consisting of 12 episodes, has completed the filming process and is currently in the editing stage. We are grateful to Pastor Ren Xiaojing, a board member of Kairos, for graciously volunteering as the host despite her busy schedule.

Cantonese Bible Study Series of the Twelve Minor Prophets

The last 12 books of the Old Testament, known as the Twelve Minor Prophets, provide messages that were relevant to the circumstances and needs of that time. The topics covered include religious, moral, political, ethical, and social aspects, which are still closely related to our present-day living environment. Among the Twelve Minor Prophets, four books contain prophecies directed towards foreign nations, including the books of Obadiah, Jonah, Nahum, and Habakkuk. The final three books, Haggai, Zechariah, and Malachi, deliver prophecies to the people of God after their return from exile and are known as the post-exilic books. The Cantonese ministry's program "The Bible Sounds Good" has produced study materials for these seven Old Testament books. The books of Obadiah, Jonah, Habakkuk, and Malachi have already been released, and currently, the book of Zechariah is being uploaded. The books of Haggai and Nahum will follow subsequently. Stay tuned for
